We really do not want to enter into challenges with the work in progress. I was told today that Kathy froze travel, but Chairman was not aware of this, so will need to meet regarding the grant.

The funds in question needs an extension to complete the work which we have contracted, approved by council on September 08, 2016.

Thank you,

Cynthia O.

Cynthia,

As you are aware the GAP grant ends 9/30/16. Unless we receive a grant extension notice or new funding agreement there shouldn't be any funds obligated after 9/30/16. Anna Woods, EPA Finance, cannot see anything in the system where there is any such notice forthcoming. I don't want to have the same problems that we had last year. Please advise.
